ORDER

The plaintiffs bring this action pursuant to 42 U.S.C. § 1983, challenging the constitutionality of the policies and practices of the City of Jennings, Missouri in connection with the incarceration of individuals for non-payment of fines. All of the plaintiffs have been confined in the City of Jennings jail due to their inability to pay fines and court costs stemming from traffic and other municipal violations. The plaintiffs purport to bring this action on behalf of a class of similarly-situated individuals; however, no class has been certified.

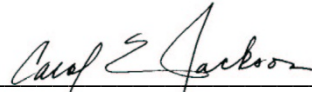

On August 26, 2015, the parties submitted a joint motion for entry of a judgment consistent with the terms of their settlement agreement. The settlement agreement addresses only the plaintiffs' claims for injunctive and declaratory relief. The parties have not yet resolved the damages claims but are continuing to negotiate in good faith in an effort to do so. It is the Court's intention to give effect to the parties' partial settlement by entering the proposed order for injunctive relief. However, the Court will not enter a final judgment in the case until all claims are resolved, whether by settlement, by motion, or by trial.

Accordingly,

IT IS HEREBY ORDERED that the joint motion for entry of final declaratory and injunctive relief and joint stipulation for dismissal [Doc. # 13] is **granted in part**.

IT IS FURTHER ORDERED that the parties' joint request for entry of an injunction consistent with their settlement agreement is **granted**. The injunction will be entered separately.

IT IS FURTHER ORDERED that, in accordance with the parties' stipulation, all equitable claims not covered by the settlement agreement are **dismissed**.

CAROL E. JACKSON
UNITED STATES DISTRICT JUDGE
