ORDER

Pending before the Court are the parties’ proposals for a new Implementation and Exit Plan, submitted consistent with the Court’s April 5, 2010 Memorandum Opinion and contemporaneously issued Order. Pursuant to Modified Final Order (“MFO”) § XX.B, the Court hereby enters the Implementation and Exit Plan accompanying this Order as a Phased Implementation Plan covering the remainder of 2010 and 2011. This plan replaces the LaShawn A. v. Fenty Amended Implementation Plan dated February 2007 and its provisions shall be enforceable via fines or injunctive relief unless modified with the approval of the monitor or by the Court if the parties are not in agreement as to such modifications.

The Court does not here set forth a specific schedule of fines, but will encourage compliance with the plan by applying sanctions as appropriate, after consideration of factors such as the persistence and extent of noncompliance.

SO ORDERED.

LaShawn A. v. Fenty

Implementation and Exit Plan

December 17, 2010

PREAMBLE

This LaShawn A. v. Fenty Implementation and Exit Plan includes: Outcomes to be Achieved (Section I); Outcomes to be Maintained (those requirements where the District of Columbia's current performance meets proposed exit requirements) (Section II); Sustainability and Exit (Section III); and the 2010-2011 Strategy Plan (action steps to achieve the outcomes) (Section IV). Citations from Federal law, District of Columbia law and regulations, the Modified Final Order (MFO), and CFSA policy are included.¹ This plan supersedes and replaces the LaShawn A. v. Fenty Amended Implementation Plan dated February 2007.² The 2010-2011 Strategy Plan is intended to facilitate the parties' and the Court's understanding of the actions to be taken by Defendants to achieve compliance with the exit criteria. The action steps and standards included in the Strategy Plan are a means to achieving the outcomes, and absent a substantial or unjustifiable disparity, the Court will not find deviations from the action steps in the Strategy Plan to constitute noncompliance (*See* Order April 5, 2010 at 2 n.1).

The Monitor shall prepare and submit to the Court within 90 days of this Order and every 180 days thereafter an interim performance report setting forth (1) aggregate performance determinations in relation to the Outcomes to be Achieved and the Outcomes to be Maintained, (2) reporting regarding whether Defendants are making acceptable progress toward the outcomes and exit standards and (3) reporting regarding Defendants' progress in carrying out the associated action steps set forth in the 2010-2011 Strategy Plan. Within 90 days of this order and every six months thereafter the Court Monitor shall provide the parties and the Court with an update summarizing the most recent data and events.

¹ As required by the Court's April 5, 2010 Order [Dkt. No. 1025], the outcomes reference a local statute or regulation where it relates in some manner to the subject matter of the outcome. By agreeing to this plan, the District of Columbia does not admit that any outcome to be achieved or maintained is required by statute or regulation, even where a statute or regulation is referenced in regard to such outcome; nor does the District of Columbia admit that any target percentage contained herein is a measure of statutory or regulatory compliance. Moreover, Defendants' agreement to this plan, which is submitted pursuant to the Court's April 5, 2010 Order, is without prejudice to the issues raised in its pending appeal of that Order.

² This plan is enforceable as a "Phased Implementation plan" under Modified Final Order § XX.B. Its provisions, most notably those of sections I and II, are enforceable by civil fines.

**SECTION I: OUTCOMES TO BE ACHIEVED TO ENSURE CHILD SAFETY,
PERMANENCY AND WELL-BEING AND SYSTEM ACCOUNTABILITY**

A. GOAL: CHILD SAFETY

1. INVESTIGATIONS³

- a. Investigations of alleged child abuse and neglect shall be initiated or documented good faith efforts shall be made to initiate investigations within 48 hours after receipt of a report to the hotline of child maltreatment.⁴

Exit Standard: 95% of all investigations will be initiated within 48 hours or there will be documented good faith efforts to initiate investigations whenever the alleged victim child(ren) cannot be immediately located.

- b. Investigations of alleged child abuse and neglect shall be completed within 30 days after receipt of a report to the hotline of child maltreatment and the final report of findings for each investigation shall be completed within 5 days of the completion of the investigation.⁵

Exit Standard: 90% of investigations will be completed and a final report of findings shall be entered in FACES within 35 days.

- c. For families who are subject to a new investigation for whom the current report of child maltreatment is the fourth or greater report of child maltreatment, with the most recent report occurring within the last 12 months, CFSA will conduct a

³ MFO II(G), X(D)(1)(a); D.C. Code §§ 4-1301.04(b), 4-1301.04(c)(3)(A), 4-1301.06(a) & (c)(1); CFSA Hotline Policy, Child Protective Services (revised 12/09/09); CFSA Investigations Policy, Intake and Investigative Services (revised 9/30/03).

⁴ The 48 hour time period is consistent with local law (D.C. Code §§ 4-1301.04(a), (b) & (c)). Initiation of an investigation includes seeing all alleged victim child(ren) and talking with the child(ren) outside the presence of the caretaker. When the alleged victim child(ren) is not immediately located, documented good faith efforts to see the child within the first 48 hours shall satisfy this requirement if they include: 1) visiting the child's home at different times of the day; 2) visiting the child's school and/or day care in an attempt to locate the child if known; 3) contacting the reporter, if known, to elicit additional information about the child's location; 4) reviewing the CFSA information system and other information systems (e.g., ACEDS, STARS) for additional information about the child and family; and 5) contacting the police for all allegations that a child(ren)'s safety or health is in immediate danger.

⁵ The Court Monitor shall measure compliance with this requirement by validating FACES data regarding the percentage of all final reports of findings from investigations that were completed within 35 days after receipt of a report of child maltreatment.

comprehensive review of the case history and the current circumstances that bring the family to CFSA's attention.

Exit Standard: 90% of the case records for families subject to a new investigation for whom the current report of child maltreatment is the fourth or greater report of child maltreatment, with the most recent report occurring within the last 12 months will have documentation of a comprehensive review.

2. *ACCEPTABLE INVESTIGATIONS*⁶

CFSA shall routinely conduct investigations of alleged child abuse and neglect. Evidence of acceptable investigations includes:

- a. Use of CFSA's screening tool in prioritizing response times for initiating investigations;
- b. Interviews with and information obtained from the five core contacts – the victim child(ren), the maltreater, the reporting source (when known), medical resources, and educational resources (for school-aged children);
- c. Interviews with collateral contacts that are likely to provide information about the child's safety and well-being;
- d. Interviews with all children in the household outside the presence of the caretaker, parents or caregivers, or documentation, by the worker, of good-faith efforts to see the child and that the worker has been unable to locate the child;
- e. Medical and mental health evaluations of the children or parents when the worker determines that such evaluations are needed to complete the investigation, except where a parent refuses to consent to such evaluations. When a parent refuses to consent to such an evaluation, the investigative social worker and supervisor shall consult with the Assistant Attorney General to determine whether court intervention is necessary to ensure the health and safety of the child(ren);
- f. Use of risk assessment protocol in making decisions resulting from an investigation; and
- g. Initiation of services during the investigation to prevent unnecessary removal of children from their homes.

Exit Standard: 80% of investigations will be of acceptable quality as measured by the QSR indicators and verified by the Monitor.

⁶ See generally MFO II(H) and (J-K); D.C. Code §§ 4-1301.04, 4-1301.06 (b)(3)(B-D), 4-1303.01a(3A); CFSA Investigations Policy, Intake and Investigative Services (revised 9/30/03).

3. ***SERVICES TO FAMILIES AND CHILDREN TO PROMOTE SAFETY, PERMANENCY AND WELL-BEING***⁷

Appropriate services, including all services identified in a child or family's safety plan or case plan, shall be offered and children/families shall be assisted to use services to support child safety, permanence and well-being.

CFSA shall provide for or arrange for services through operational commitments from District of Columbia public agencies and/or contracts with private providers. Services shall include:

- a. Services to enable children who have been the subject of an abuse/neglect report to avoid placement and to remain safely in their own homes;
- b. Services to enable children who have or will be returned from foster care to parents or relatives to remain with those families and avoid replacement into foster care;
- c. Services to avoid disruption of an adoptive placement that has not been finalized and avoid the need for replacement; and
- d. Services to prevent the disruption of a beneficial foster care placement and avoid the need for replacement.

Exit Standard: In 80% of cases, appropriate services, including all services identified in a child's or family's safety plan or case plan, shall be offered along with an offer of instruction or assistance to children/families regarding the use of those services.⁸

⁷ See generally MFO III(B); D.C. Code §§ 4-1301.09(b), 4-1303.01a(b)(7, 9, 10), 4-1303.03(a)(3, 7, 13, 14), 4-1303.03(b)(1-4), (9) & (9A); CFSA Investigations Policy, Intake and Investigative Services (revised 9/30/03); Family Team Meetings Policy (January 29, 2007) and the Out-of-Home Practice Model (July 2009).

⁸ The Monitor will determine performance based on the QSR implementation and pathway to safe closure indicators for which 80% of cases will be rated acceptable on both indicators, as applicable (a score of 4 or higher on the 6 point QSR indicator scale).

4. **WORKER VISITATION TO FAMILIES WITH IN-HOME SERVICES**⁹

- a. A CFSA social worker or private agency social worker shall make at least one visit monthly to families in their home in which there has been a determination that child(ren) can be maintained safely in their home with services.
- b. A CFSA social worker, family support worker, private agency social worker or a Collaborative family support worker shall make a second monthly visit at the home, school or elsewhere.

Exit Standard: 95% of families will be visited monthly by a CFSA social worker or private agency social worker and 85% of families will be visited a second time monthly by a CFSA social worker, family support worker, private agency social worker or a Collaborative family support worker.¹⁰

- c. Workers are responsible for assessing and documenting the safety (e.g., health, educational and environmental factors and the initial safety concerns that brought this family to the attention of the Agency) of each child at every visit and each child must be separately interviewed at least monthly outside of the presence of the caretaker.

Exit Standard: 90% of cases will have documentation verifying each child was visited and seen outside the presence of the caretaker and that safety was assessed during each visit.

5. **WORKER VISITATION TO CHILDREN IN OUT-OF-HOME CARE**¹¹

- a. A CFSA social worker or private agency social worker with case management responsibility shall make monthly visits to each child in out-of-home care (foster family homes, group homes, congregate care, independent living programs, etc.).
- b. A CFSA social worker, private agency social worker, family support worker or nurse care manager shall make a second monthly visit to each child in out-of-home care (foster family homes, group homes, congregate care, independent living programs, etc.).
- c. At least one of the above visits each month shall be in the child's home.

Exit Standard: 95% of children should be visited at least monthly and 90% of children shall have twice-monthly visits.

⁹ See generally MFO III(B)(1); no related District of Columbia law or regulation; CFSA Visitation Policy (revised April 2010); CFSA In-Home Practice Model, Quality Home Visitation (December 2007).

¹⁰ Within 120 days of the Court's approval of this plan, defendants and the Monitor will develop a method of measuring this standard.

¹¹ MFO IX(A-B); D.C. Code § 4-1405(b); 29 DCMR § 6003.2(b); CFSA Visitation Policy (April 2010); CFSA Out-of-Home Practice Model, Visitation (July 2009).

- d. Workers are responsible for assessing and documenting the safety (e.g., health, educational and environmental factors and the initial safety concerns that brought this family to the attention of the Agency) of each child at every visit and each child over two years old must be separately interviewed at least monthly outside of the presence of the caretaker.

Exit Standard: 90% of cases will have documentation verifying each child was seen outside the presence of the caretaker by a worker and that safety was assessed during each visit.

6. ***VISITATION FOR CHILDREN EXPERIENCING A NEW PLACEMENT OR A PLACEMENT CHANGE***¹²

- a. A CFSA social worker or private agency social worker with case management responsibility shall make at least two visits to each child during the first four weeks of a new placement or a placement change.
- b. A CFSA social worker, private agency social worker, family support worker or nurse care manager shall make two additional visits to each child during the first four weeks of a new placement or a placement change.
- c. At least one of the above visits during the first four weeks of a new placement or a placement change shall be in the child's home.
- d. At least one of the visits during the first four weeks of a new placement or a placement change shall include a conversation between the social worker and the resource parent to assess assistance needed by the resource parent from the agency.

Exit Standard: 90% of children newly placed in foster care or experiencing a placement change will have four visits in the first four weeks of a new placement or placement change as described above.

- e. Workers are responsible for assessing and documenting the safety (e.g., health, educational and environmental factors and the initial safety concerns that brought this family to the attention of the Agency) of each child at every visit and each child must be separately interviewed at least monthly outside of the presence of the caretaker.

Exit Standard: 90% of cases will have documentation verifying each child was seen outside the presence of the caretaker by a social worker and that safety was assessed during each visit.

¹² See generally MFO IX(A-B); D.C. Code § 4-1405(b); 29 DCMR § 6003.2(b); CFSA Visitation Policy (April 2010); CFSA Out-of-Home Practice Model, Visitation (July 2009).

B. GOAL: PERMANENCY

7. RELATIVE RESOURCES¹³

CFSA shall identify and investigate relative resources in all cases requiring removal of children from their homes.

Exit Standard:

- a. CFSA will take necessary steps to offer and facilitate pre-removal Family Team Meetings in 70% of applicable cases requiring child removal from home.¹⁴
- b. In 90% of cases where a child(ren) has been removed from his/her home, CFSA will make reasonable efforts to identify, locate and invite known relatives to the Family Team Meeting (FTM).¹⁵

8. PLACEMENT OF CHILDREN IN MOST FAMILY-LIKE SETTING¹⁶

- a. Children in out-of-home care shall be placed in the least restrictive, most family-like setting appropriate to his or her needs.

Exit Standard: 90% of children will be in the least restrictive, most family-like setting appropriate to his or her needs.

- b. No child shall remain in an emergency, short-term or shelter facility or foster home for more than 30 days.

Exit Standard: No child shall remain in an emergency, short-term or shelter facility or foster home for more than 30 days.¹⁷

¹³ See generally MFO VI(A)(6); D.C. Code § 4-1303.03(a-1)(4)(B); 29 DCMR § 1642.1; CFSA Temporary Licensing of Foster Home for Kin Policy, (VII) (revised October 26, 2005); CFSA Out-of-Home Practice Model, Placement (July 2009); Family Team Meeting Policy (January 29, 2007); Notice of Removal to Adult Relatives of Children and Youth Entering Foster Care administrative issuance (December 2, 2009).

¹⁴ FTMs are to be held when a child is at imminent risk of removal and are not held in cases where criminal charges are pending, the Children’s Advocacy Center is involved or the family refuses to participate. Monitoring and reporting on this measure may require a review of a random sample of cases as FACES is unable to track performance on this outcome.

¹⁵ To measure this, the District will provide the Monitor with data on families whose child(ren) have been removed during a specified time frame and the number of families that have had an FTM and have had a relative(s) invited to the FTM. Where a FTM would be inconsistent with CFSA policy, the District will record and report that determination along with the other relevant data.

9. ***PLACEMENT OF YOUNG CHILDREN***¹⁸

- a. Children under age 12 shall not be placed in congregate care settings for more than 30 days unless the child has special needs that cannot be met in a home-like setting and unless the setting has a program to meet the child's specific needs.

Exit Standard: No child under 12 will be placed in congregate care settings for more than 30 days without appropriate justification that the child has special treatment needs that cannot be met in a home-like setting and the setting has a program to meet the child's specific needs.

- b. CFSA shall place no child under six years of age in a group care non-foster home setting, except for those children with exceptional needs that cannot be met in any other type of care.¹⁹

Exit Standard: No child under 6 years of age will be placed in a group care non-foster home setting without appropriate justification that the child has exceptional needs that cannot be met in any other type of care.

10. ***VISITS BETWEEN PARENTS AND WORKERS***²⁰

- a. For children with a permanency goal of reunification, in accordance with the case plan, the CFSA social worker or private agency social worker with case-management responsibility shall visit with the parent(s) at least one time per month in the first three months post-placement.²¹
- b. A CFSA social worker, nurse care manager or family support worker shall make a second visit during each month for the first three months post-placement.²²

¹⁷ Based on individual review, the Monitor's assessment will exclude, on a case-by-case basis, children placed in an emergency, short-term, or shelter facility or foster home for more than 30 days where moving them would not be in their best interests.

¹⁸ MFO VI(A)(8); 29 DCMR §§ 6256.1, 6256.2.

¹⁹ The Monitor will evaluate and report on the placement and needs of any children placed in a group care non-foster home setting where the District has determined the child to have exceptional needs that cannot be met in any other type of care. Within 120 days of approval of this plan, the Monitor and defendants will develop a working definition of exceptional needs.

²² This exit standard is also satisfied when there is documentation that the parent(s) is(are) unavailable or refuses to cooperate with the Agency.

Exit Standard: 80% of parents will have twice monthly visitation with workers in the first three months post-placement as defined above.²³

11. ***VISITS BETWEEN PARENTS AND CHILDREN***²⁴

There shall be weekly visits between parents and children with a goal of reunification unless clinically inappropriate and approved by the Family Court. In cases in which visitation does not occur, the Agency shall demonstrate and there shall be documentation in the case record that visitation was not in the child's best interest, is clinically inappropriate or did not occur despite efforts by the Agency to facilitate it.

Exit Standard: 85% of children with the goal of reunification will have weekly visitation with the parent with whom reunification is sought.²⁵

12. ***APPROPRIATE PERMANENCY GOALS***²⁶

Children shall have permanency planning goals consistent with the Federal Adoption and Safe Families Act (ASFA) and District law and policy guidelines.

Exit Standard:

- a. 95% of children shall have permanency planning goals consistent with ASFA and District law and policy guidelines.
- b. Beginning July 1, 2010, children shall not be given a goal of APPLA without convening a Family Team Meeting (FTM) or Listening to Youth and Families as Experts (LYFE) meeting with participation by the youth and approval by the CFSA Director, or a court order directing the permanency goal of APPLA.
- c. 90% of youth ages 18 and older will have a plan to prepare them for adulthood that is developed with their consultation. No later than 180 days prior to the date on which the youth will turn 21 years old (or on which the youth will emancipate), an individualized transition plan will be created that includes as appropriate connections to specific options on housing, health insurance, and education and linkages to continuing adult support services agencies (e.g.,

Rehabilitation Services Administration, the Department on Disability Services, the Department of Mental Health, Supplemental Security Income (SSI) and Medicaid), work force supports, employment services, and local opportunities for mentors. This exit standard is satisfied if CFSA makes and documents good faith efforts to develop a transition plan but the youth refuses to participate in transition planning.²⁷

13. ***REDUCTION OF MULTIPLE PLACEMENTS FOR CHILDREN IN CARE***²⁸

Exit Standard:

- c. Of all children served in foster care during the previous 12 months who were in care for at least 24 months, 75% shall have had two or fewer placements in that 12 month period.

14. ***TIMELY APPROVAL OF FOSTER/ADOPTIVE PARENTS***²⁹

CFSA shall have in place a process for recruiting, studying and approving families, including relative caregivers, interested in becoming foster or adoptive parents that results in the necessary training, home studies and decisions on approval being completed within 150 days of beginning training.

Exit Standard: 70% of homes licensed beginning November 1, 2010, will have been approved, and interested parties will have been notified within 150 days.³⁰

²⁷ The requirement to develop a Transition Plan for youth exiting the foster care system arises from The Fostering Connections to Success and Increasing Adoptions Act of 2008, Pub. L. No. 110-351, 122 Stat. 3949 (2008).

²⁸ See generally MFO VI(A) and VI(B); CFSA Family Team Meetings (FTM) Policy (revised January 29, 2007); CFSA Out-of-Home Practice Model, Placement (July 2009).

²⁹ See generally MFO XV(E); no timeframes specified in D.C. Code, see generally D.C. Code § 4-1303.03(a-1)(4)(C); 29 DCMR §§ 6028.4 & 6028.5.

³⁰ The exit standard is satisfied where there is documentation that establishes that failure to meet the 150 day timeline is due to delays that are beyond the control of the District of Columbia.

15. **LEGAL ACTION TO FREE CHILDREN FOR ADOPTION**³¹

Children with a permanency goal of adoption shall have legal action initiated to free them for adoption and Office of the Attorney General, on behalf of CFSA, shall facilitate the Court's timely hearing and resolution of legal action to terminate parental rights.

Exit Standard:

- a. For 90% of children with a permanency goal of adoption, where freeing the child for adoption is necessary and appropriate to move the child more timely to permanency, OAG, on behalf of CFSA shall file a motion to terminate parental rights or confirm that appropriate legal action has been taken within 45 days of their permanency goal becoming adoption.³²
- b. For 90% of children for whom a petition to terminate parental rights has been filed in order to achieve permanency, CFSA shall take and document appropriate actions by the assigned social worker and the assistant attorney general to facilitate the court's timely hearing and resolution of legal action to terminate parental rights.

16. **TIMELY ADOPTION**³³

- a. Children with a permanency goal of adoption shall be in an approved adoptive placement within nine months of their goal becoming adoption.³⁴

Exit Standard:

- i. For children whose permanency goal changed to adoption July 1, 2010 or thereafter, 80% will be placed in an approved adoptive placement by the end of the ninth month from when their goal changed to adoption.³⁵
- ii. For children whose permanency goal changed to adoption prior to July 1, 2010 who are not currently in an approved adoptive placement, 40% will be placed in an approved adoptive placement by December 31, 2010 and an additional 20% will be placed in an approved adoptive placement by June 30, 2011.

³¹ MFO VIII(C)(3); Implementation Plan ("IP") (VIII)(1)(b).

³² This exit standard is satisfied when other actions or circumstances have occurred to free a child for adoption, such as relinquishment, an adoption petition, the child is 18 years old or older or death of child's parents.

³³ MFO VIII(D)(1) and (D)(2)(d); D.C. Code §§ 4-1303.01(a), 4-1303.01a(b)(11).

³⁴ The Monitor will consider a placement an approved adoptive placement based on documentation of an intent to adopt or filing of an adoption petition or indication in the FACES service line of an adoptive placement.

³⁵ This will be measured by looking at children who have had the goal of adoption for 10 months to ensure the full nine months have passed.

- b. CFSA shall make all reasonable efforts to ensure that children placed in an approved adoptive home have their adoptions finalized within 12 months of the placement in the approved adoptive home.³⁶

Exit Standard:

- i. By September 30, 2010, 40% of the 203 children in pre-adoptive homes as of October 1, 2009 will achieve permanence.
- ii. By June 30, 2011, 45% of the children in pre-adoptive homes as of July 1, 2010 will achieve permanence.
- iii. 90% of children in pre-adoptive homes will have their adoption finalized within 12 months or have documented reasonable efforts to achieve permanence within 12 months of the placement in the approved adoptive home.

- c. Timely permanency through reunification adoption or legal guardianship

Exit Standard:

- i. Of all children who entered foster care for the first time in FY2010 and who remain in foster care for 8 days or longer, 45% will achieve permanency (reunification, kinship guardianship, adoption or non-relative guardianship) by September 30, 2011.
- ii. Of all children who are in foster care for more than 12 but less than 25 months on September 30, 2010, 45% will be discharged from foster care to permanency (reunification, kinship guardianship, adoption or non-relative guardianship) by September 30, 2011.
- iii. Of all children who are in foster care for 25 months or longer on September 30, 2010, 40% will be discharged through reunification, adoption, legal guardianship prior to their 21st birthday or by September 30, 2011, whichever is earlier.
- iv. The above standards (i, ii, and iii) will continue for each year for as long as this agreement is in effect.

³⁶ Reasonable efforts include: 1) ensuring the home is licensed as a pre-adoptive home (if not dually licensed); 2) requesting an adoption home study if needed; 3) responding to the Order of Reference; 4) preparing the child and biological parents for the adoption; 5) referring adoptive families to Family Intervention Services to assist/support families in their new role; 6) assessing post permanency needs and families' readiness for adoption; 7) referring and acquainting families with the Post Permanency Family Center; 8) preparing for TPR trial if child is not legally free; 9) preparing an ICPC package if needed; and 10) preparing the adoption final report. See D.C. Code § 4-1303.01a(b)(11).

17. **CASE PLANNING PROCESS**³⁷

- a. CFSA, with the family, shall develop timely, comprehensive and appropriate case plans in compliance with District law requirements and permanency timeframes, which reflect family and children's needs, are updated as family circumstances or needs change, and CFSA shall deliver services reflected in the current case plan.
- b. Every reasonable effort shall be made to locate family members and to develop case plans in partnership with youth and families, the families' informal support networks, and other formal resources working with or needed by the youth and/or family.
- c. Case plans shall identify specific services, supports and timetables for providing services needed by children and families to achieve identified goals.

Exit Standard: 80% of cases reviewed through the Quality Service Reviews (QSR) will be rated as acceptable.³⁸

18. **PLACEMENT LICENSING**³⁹

Children shall be placed in foster homes and other placements that meet licensing and other MFO placement standards and have a current and valid license.

Exit Standard: 95% of foster homes and group homes with children placed will have a current and valid license.

If the Monitor seeks to reinstate an outcome as an "Outcome to be Achieved," Defendants may object and provide information to demonstrate that the performance change is either temporary, insubstantial, or based on reasonable justification.
4. Defendants may seek to exit court supervision when (a) the Court Monitor reports that Defendants have achieved all of the outcomes and exit standards and maintained each of the "Outcomes to be Maintained" for at least two consecutive six-month reporting periods; (b) Defendants petition the Court for an Order of Dismissal and demonstrate, based on the Court Monitor's reports, substantial compliance with the outcomes and exit standards and the Court finds, after hearing the views of the Court Monitor and the Plaintiffs, that the case should be dismissed in the interests of justice; or (c) as the Court may otherwise direct. In assessing compliance with this Implementation and Exit Plan, the Court will consider sustainability in light of how closely Defendants meet the exit standards as well as how consistently the exit standards are met over time. A "miss" by 5% or less on certain measures will not necessarily foreclose a demonstration of durable compliance, but neither shall a superior performance on one measure necessarily provide a basis for forgiving a shortfall on another. A substantial compliance argument must be assessed on the totality of the circumstances.
5. If Defendants seek to petition the Court for an Order of Dismissal on the grounds of substantial compliance, Defendants shall first inform the Court Monitor and Plaintiffs and engage in good faith efforts to determine whether there is any opposition to the relief sought and, if necessary, to engage in dispute resolution for a period not to exceed 45 business days in an attempt to resolve disagreements.

**SECTION IV:
2010-2011 STRATEGY PLAN**

Pursuant to Paragraph 7 of the Court's April 5, 2010 Order, the 2010-2011 Strategy Plan identifies specific action steps and targets to achieve safety, permanency and well-being for children and to reach and sustain the performance standards of the *LaShawn A. Implementation and Exit Plan*. The strategies and specific action steps in this plan relate to outcomes including investigations, safe and stable reunification, licensing, training, adoption, services for youth aging out, placement stability, case planning, visitation and health and mental health services.

The Strategy Plan is a means to achieve compliance with the outcomes and exit standards of the *LaShawn A. Implementation and Exit Plan*. Absent a substantial or unjustifiable disparity, the Court will not find deviations from action steps in the Strategy Plan to constitute noncompliance. The District's Strategy Plan, including applicable due dates, can be modified with timely consultation with the Monitor. In the event that the District has not met the outcomes and exit standards of the *LaShawn A. Implementation and Exit Plan* by September 30, 2011, the District, after consultation with the Monitor and Plaintiffs, will review, modify as appropriate and submit to the Court an updated Strategy Plan. The Court shall assume that all strategies with due dates preceding the filing of this order will be completed as planned, unless modified in consultation with and with the approval of the Monitor.

A. GOAL: CHILD SAFETY

1. INVESTIGATIONS (Strategy Plan to Achieve Outcomes 1 and 2)

a. Policy

- i. b. Practice

- i. By December 31, 2010, CFSA will develop the capacity (in-house or contracted) to ensure that Family Team Meetings (FTMs) occur prior to a child's removal unless the child is at imminent risk of harm or prior to filing a petition for removal with Superior Court.⁹⁷
- ii. CFSA will identify any additional action steps necessary to implement the investigative practice recommendations from the Monitor's report⁹⁸ and implement such action steps or provide rationale as to why the Agency is choosing not to implement the recommendations.
- iii. CFSA will develop and define the process for comprehensive reviews of families with four or more reports of abuse and neglect which may include the investigations program manager, the current investigative worker, the Office of Clinical Practice, Collaborative workers and others who have prior familiarity with the family.
- iv. By November 1, 2010, CFSA will implement the comprehensive reviews of families with four or more reports of abuse and neglect which may include the investigations program manager, the current investigative worker, the Office of Clinical Practice, Collaborative workers and others who have prior familiarity with the family.
- v. Investigators will seek the assistance of the CPS-assigned nurses and the Office of Clinical Practice professionals when needed for all investigations that present medical or mental health needs for the child(ren) and/or caregivers.

c. Services During an Investigation

- i. CFSA will identify and address current barriers to referrals for supportive services during an investigation in order to increase utilization of such services by families.

 - ii. Beginning in July 2010, Quality Assurance (QA) staff will complete 10 reviews of randomly selected investigations each quarter for 12 months using a shortened version of the tool used by the Court Monitor. The sample will consist of investigations that have been closed within 15 days of the review date. The QA staff will work with the Court Monitor to validate these findings.
 - iii. CFSA will ensure that through weekly case reviews, program managers and supervisors will identify barriers and practice concerns related to the timeliness and quality of the investigations. This will include reviewing documented efforts to obtain information from collateral contacts and documentation of case staffings held with ongoing social workers, when applicable, to inform the investigation regarding the immediate safety of all children and the risk factors present for the child and family and to address safety issues identified by the investigator.
2. SERVICES TO FAMILIES AND CHILDREN TO PROMOTE SAFETY, PERMANENCY AND WELL-BEING (Strategies to Achieve Outcome 3)
- a. Practice
- i. Beginning July 1, 2010, CFSA will ensure that a team comprised of the assigned social worker, family support worker, and nurse care manager (for children in foster care) will in each case:

 - c. take any follow-up action to confirm access to and provision of identified services.

- ii. Beginning July 1, 2010, CFSA will ensure that team meetings are held with the family and other team members within the first 30 days of case opening to identify service needs and to plan for service provision.
 - iii. Beginning October 1, 2010, CFSA will ensure that team meetings are held with the family and other team members at critical decision points throughout the life of the case (i.e. placement changes, significant life changes; permanency decision-making).
 - b. Supervision
 - i. By July 1, 2010, CFSA will conduct verification of the identification of service needs and service provision through weekly supervision and through monthly continuous quality improvement case reviews completed by supervisors and program managers. Program managers will complete three reviews a month per program area and supervisors will complete two reviews a month per unit.
 - c. Community-Based Services
 - i. By September 30, 2010, CFSA will develop targets of the number of families to be served in FY2011.
 - ii. CFSA, based on the targets developed, will ensure that resources and protocols are in place to meet the targets.

 - iii. CFSA will re-examine the current rules governing the use of supervised parent-child visitation to determine if a broader array of staff, contractors, relatives and foster parents could provide supervision and make revisions as needed. Based on

that review, CFSA will, develop a policy on criteria guiding the appropriate use of supervised and unsupervised visitation.

b. Worker Visits to Families Receiving In-Home Services

- i. Beginning October 1, 2010, for all new in-home cases, the CFSA social worker will discuss the purpose and frequency of visits with the family, will schedule one of the two monthly visits with the family and will review the visitation schedule with their supervisor. The scheduled visit does not preclude the ability of social workers to make unannounced visits.

c. Worker Visits to Children in Out-of-Home Placement

- i. Beginning October 1, 2010, for all initial placements and re-entries into foster care, social workers will engage parents and foster parents in the development of written visitation schedules outlining when and where caseworker-child visits will occur and the purpose of the visits. Social workers will document the discussion and the refusal or inability of parents or foster parents to participate in this conversation.

d. Parent-Child Visitation

- i. Beginning October 1, 2010, for all initial placements and re-entries into foster care, social works will engage parents in the development of written visitation schedules outlining when and where parent-child visits will occur and the purpose of the visits. Social workers will document the discussion and the refusal or inability of parents to participate in this conversation.
- ii. By December 31, 2010, CFSA will explore the feasibility, make recommendations and develop strategies to increase visitation between children and their parents. Beginning October 1, 2010, for all initial placements and re-entries into foster care, social workers will engage parents in the development of written visitation schedules outlining when and where caseworker-parent visits will occur during the first three months post-placement and the purpose of the visits. Social workers will document the discussion and the refusal or inability of parents to participate in this conversation.
- ii. Beginning July 2010, CFSA will use a case review process to analyze data and contact information regarding the parent and social worker visits to ensure that the visitation is supportive of the permanency goal and issues identified in the visits are addressed and documented in the case plan. Program managers will conduct monthly three (3) case reviews and supervisors will conduct two (2) case reviews on a random selection of cases. Programs managers and supervisors will meet on a weekly basis or more frequently as necessary with workers to address quality and non-compliance issues.

- iii. Beginning July 2010, the social worker, Nurse Care Manager, and/or Family Support Workers will update notes in FACES.NET providing a status of the visit or state why the visit did not occur. At every visit, workers will discuss permanency goals, visitation requirements, and required action steps in the case plan during each parent/worker visitation and reflect the progress in the case notes.
- f. Supervision
- i. CFSA will ensure that through weekly supervision or review of contact notes, supervisors are ensuring that workers are assessing for safety at every visit and documenting their findings.
 - ii. CFSA will ensure that supervisors and program managers will complete monthly continuous quality activities to ensure documentation of the assessment of safety at each visit. Program managers will complete three reviews a month per program area and supervisors will complete two reviews a month per unit.

- g. Training
- i. As part of training on the implementation of CFSA's practice model, social workers and supervisors will be trained on the use of the protocol for assessing a child's safety at every visit; the use of the visitation templates; and the purpose of visits and how to connect each visit to the overall case and permanency plans.
- h. Quality Assurance
- i. CFSA will assure that by July 2010, private agencies develop and implement internal quality assurance systems for monitoring and evaluating their program performance on all visitation requirements and regularly develop and implement improvement strategies where necessary.

 - ii. By November 30, 2010, CFSA will develop policy (1) defining, consistent with federal law, which foster care licensing standards are "non-safety" in nature and, therefore, eligible for the exercise of waiver authority in relation to licensing kinship placements; (2) permitting temporary kinship licensing to be utilized in circumstances in which relative placement is determined to be in the best interest

of the child and safety can be maintained; (3) age appropriate policy and age appropriate licensing standards for ensuring kinship placements for 18 to 20 year olds under Family Court jurisdiction who wish to live with identified and qualified kin. In developing these policies, CFSA shall reassess 29 D.C.M.R § 6000.5 and whether its assignment of waiver authority to the Director remains appropriate.

iii. CFSA will develop and promulgate policy regarding full implementation of the temporary kin licensing agreement with Maryland.

b. Practice

i. CFSA will immediately and on an ongoing basis ensure that social workers take reasonable action to identify and assess relative resources, including, but not limited to:

- a. coordinating the initial FTM for families experiencing a removal, identifying relatives and inviting them to attend the FTM; and
- b. submitting a referral to the Diligent Search Unit when further assistance is needed, to expand the search to locate additional family members.

5. PLACEMENT OF CHILDREN (Strategy Plan to Achieve Outcomes 8 and 9)

a. Policy

i. Consistent with CFSA policy on placement of children and youth in the least restrictive, most family-like setting, placement of a child in a congregate care facility will require documentation of the absence of an available family placement and CFSA will develop a transition plan for all children placed in congregate care.

b. Placement Array

- i. A quarterly utilization review of available placement beds will be developed and implemented by the end of 2010, categorized by provider, type of placement, and access patterns. Commensurate modifications will then be made to contracts to ensure consistent access to placements appropriate to each child's needs.
- ii. By December 31, 2010, CFSA will reduce traditional congregate care placements by 30% as compared with the number of placements in January 1, 2010.

c. Quality Assurance

i. Beginning July 1, 2010, CFSA will prepare a monthly report of all children under the age of twelve in congregate settings reflecting the needs of each child and whether they meet the established criteria for this placement. For those that do not meet the criteria, corrective actions will be taken to immediately place the child in a more appropriate setting.

6. APPROPRIATE PERMANENCY GOALS (Strategy Plan to Achieve Outcome 12)

a. Policy

- i. By December 31, 2010, CFSA will develop policies and protocols/MOUs for linking transitioning youth, as appropriate, to adult services (e.g., Rehabilitation Services Administration, the Department on Disability Services, the Department of Mental Health, Supplemental Security Income (SSI) and Medicaid), and work force supports and employment services, and local opportunities for mentors.

b. Practice

- i. Beginning June 1, 2010, CFSA independent living specialists will provide consultation to social workers managing cases of youth ages 16 – 17 to complete the Ansell-Casey Life Skills Assessment.
- ii. By June 30, 2010, the Office of Youth Empowerment in partnership with CFSA and private agency social workers will begin facilitating Youth Transition conferences to plan for transition to adulthood and to explore other appropriate permanency goals for youth ages 18 to 20 that currently have an APPLA goal and no permanent or potential connection to an adult.
- iii. Beginning September 30, 2010, CFSA will examine permanency options for youth ages 14 – 20 with an APPLA goal using best practices, e.g., permanency roundtables.
- iv. By December 31, 2010, CFSA will issue an RFQ for services not currently available to provide for the comprehensive, effective child-specific transitional services and support for youth with an APPLA goal. Contract(s) to provide these services will be in place by March 31, 2011.⁹⁹

c. Quality Assurance

- i. By December 31, 2010, CFSA will track and monitor the educational, employment, health and housing outcomes for youth with an APPLA goal.
- ii. Beginning June 1, 2010, CFSA, in partnership with Family Court through the Child Welfare Leadership Team, will monitor the number of youth given the goal of APPLA and will work with the Family Court to change the permanency goal for youth when guardianship and/or adoption opportunities are identified.

7. REDUCTION OF MULTIPLE PLACEMENTS FOR CHILDREN IN CARE (Strategy Plan to Achieve Outcome 13)

a. Policy

- i. By December 1, 2010, CFSA will centralize all placement decisions within the CFSA Placement Administration eliminating all moves between and within private agencies without CFSA approval.

⁹⁹ The action step 6.b.4 does not prohibit the current practice of providing services (through CFSA, other District agencies, contracts with the Collaboratives, placement providers, or community based programs) to youth as identified during their six month review or in any prior review. The action step is designed to create an expanded array of services that will provide a more efficient method of providing such services if needed.

- ii. CFSA will review and modify as appropriate, existing policy on placement to reflect all changes from the *LaShawn A.* Implementation and Exit Plan and current practice, and describing how children are to be initially assessed and placed.

b. Licensure

 - a. beginning the home studies process earlier during pre-service training;
 - b. beginning 30/60/90 day reviews of each applicant completed by the licensing supervisor and worker; and
 - c. streamlining the required documents.

9. LEGAL ACTION TO FREE CHILDREN (Strategy Plan to Achieve Outcome 15)

Beginning with petitions to Terminate Parental Rights (“TPRs”) filed in January, 2010, OAG will review all pending TPRs regularly and quarterly will provide data to the CFSA Director for use in collaboration with the Court on cases that have not been resolved. For any TPR pending more than six months without appropriate court action scheduled to move the matter forward, OAG will take appropriate action to attempt to move the case to disposition.

10. TIMELY ADOPTION (Strategy Plan to Achieve Outcome 16)

a. Policy

- i. By December 1, 2010, CFSA will formulate and publish official agency policy describing how permanency planning is to be undertaken and how permanency goals are to be facilitated and achieved including clarifying the roles of permanency specialists, social workers with case-management responsibility, private agency social workers and adoptions workers.

b. Practice

- i. CFSA will immediately and on an ongoing basis assure the effective and routine use of the Permanency Opportunities Project model to achieve timely permanency for children.
- ii. For children not in an approved adoptive placement, CFSA shall convene a permanency planning team meeting to develop a child-specific recruitment plan, which may include contracting with a private adoption agency for those children without an adoptive resource.

c. Service Array

- i. By December 31, 2010, CFSA will assess the current array of post-adoptive services. In making this assessment, CFSA will review internal performance and program data and will consult with the Foster and Adoptive Parent Advocacy Center (FAPAC), Adoptions Together, the Post-Permanency Center and others, as appropriate, to identify priority needs and develop plans to meet them.

d. Supervision

- i. The CFSA Out of Home and Permanency Administrators will conduct individual meetings with social workers and permanency specialists as needed to assess barriers and identify strategies to remove barriers that prevent permanence for

those children with a goal of adoption and with an identified resource. Permanency specialists will track and follow-up on actions steps from the permanency barrier staffing every 30 days.

- ii. CFSA recruitment supervisors will review a daily management information system report to track children newly assigned the goal of adoption and working with social workers to complete the referral package if no adoptive resource is identified.

11. CASE PLANNING (Strategy Plan to Achieve Outcome 17)

a. Quality Assurance

- i. CFSA will immediately and on an ongoing basis ensure that existing case review processes (e.g., QSRs, Structured Progress Reviews, CQI Case Reviews, etc.) are utilized for children in foster care to ensure social work practice is directed toward the timely achievement of permanency (i.e. parent/child visitation, sibling visitation, access to services required to remediate the risk to children in the home).

12. PLACEMENT LICENSING (Strategy Plan to Achieve Outcome 18)

a. Foster Home Licensing

- i. By June 30, 2010, implement an annual licensing and re-licensing calendar and protocol to ensure that all foster homes are licensed and re-licensed timely and accurately reflected in FACES that includes:

C. GOAL: CHILD WELL-BEING

13. SIBLING PLACEMENTS AND VISITS (Strategy Plan to Achieve Outcome 20)

a. Policy

- i. Beginning October 1, 2010, for all initial placements and re-entries into foster care, social workers will engage parents, foster parents and kinship caregivers in the development of written visitation schedules outlining when and where sibling visits will occur.
- ii. By December 31, 2010, CFSA will explore the feasibility of and begin to implement strategies to increase visitation between siblings placed apart. These strategies may include, but are not limited to, permitting visitation to occur in the parent's home, expansion of community-based visitation centers, utilization of foster parents to supervise visitation, and utilization of contracted service providers to supervise visitation. CFSA shall prepare and provide a brief report of its research and findings.
