(Bossing, Lewis) (Entered: 10/24/2018)
10/29/2018		MINUTE ORDER granting <u>22</u> Motion for Extension of Time File Motion For Class Certification; and granting in part and denying in part <u>22</u> Motion for Order. Defendants have consented to plaintiffs' motion to stay plaintiffs' obligation to file a motion for class certification until a date after fact discovery is scheduled, but have declined to discuss the scope or date of any discovery. Therefore, the parties have not discussed how discovery might be tailored in this case to the class certification decision. In the absence of a more definite explanation of the scope of discovery the plaintiffs seek to take, the Court cannot consider whether they have demonstrated good cause to support that discovery. Accordingly, the Court DENIES plaintiffs request for an Order directing the parties to file a scheduling order that encompasses discovery. The Court GRANTS the plaintiffs' request for an Order for an extension of time to file the motion for class certification and an Order directing the parties to meet and confer. The deadline to file a motion for class certification is hereby STAYED. The parties are directed to meet and confer by no later than November 13, 2018. If the parties agree on the scope of discovery limited to class certification issues, the parties shall file a proposed scheduling order by no later than November 16, 2018. If the parties cannot agree, plaintiffs may file a motion for expedited discovery. If the plaintiffs file a motion for expedited discovery they must provide an explanation of the precise discovery they seek to take, including an explanation of how that discovery would be limited to ensure that it does not become full discovery on the merits of their claims, along with an explanation of how the good cause they seek to show supports the taking of that specific discovery. Signed by Judge Emmet G. Sullivan on 10/29/2018. (lcegs2) (Entered: 10/29/2018)
