**ORDER**

---

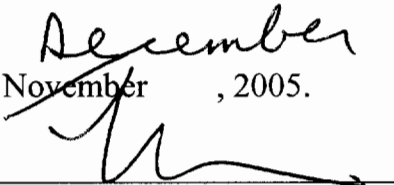

Paragraph 70 of the Supplemental Order entered in this case on November 30, 2001, provides, in part, that the City of Milwaukee shall file with the Court and serve upon the United States and the Milwaukee Brotherhood of Firefighters ("the Brotherhood") a written certification that all remedial relief to claimants has been implemented, and that "at the end of 90 days from the City's filing and service of such certification, this supplemental Order and the 1974 Consent Decree entered in United States v. City of Milwaukee, et al, No. 74-C-480, shall be dissolved, and the complaint in

said action, as it related to the MFD, shall be dismissed, unless prior to such dissolution and dismissal taking effect, the United States shows good cause as to why such dissolution and dismissal should not take effect."

On June 13, 2005, the City filed a certification of complete remedial relief and served both the United States and the Brotherhood with copies of that certification. In its certification the City requested that at the end of 90 days from that filing the 1974 Consent Decree be dissolved and that his action, as it relates to the MFD, be dismissed. More than 90 days have passed since the City's filing and service of its certification of complete remedial relief and no party has objected to the dissolution of the Consent Decree or the dismissal of this action. Further, on December 1, 2003, the Court ordered that this action be administratively closed as to Police Department matters, and unless good cause is shown, the Court's jurisdiction of this case, as it pertains to Police Department matters, divest on July 31, 2005.

Since all matters previously in dispute have been resolved, it is hereby ORDERED that the 1974 Consent Decree and the 2001 Supplemental Order entered in this case are dissolved, and this action is dismissed.

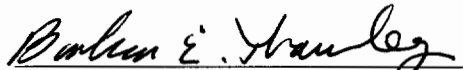

ORDERED this 4 day of <sup>December</sup> ~~November~~, 2005.
