Re: Class Action Litigation

Enclosed is a copy of the Complaint filed in Montana to obtain community supports and integration for people with developmental disabilities in state institutions. Also enclosed is a fact sheet which gives a short overview of the suit, its history and its purpose. Please call if you have any questions.

We are in the beginning stages of discovery and will be having a pre-trial conference with the judge February 14, 1997, at which time we will set a discovery and trial schedule. We anticipate going to trial sometime in the spring or summer of 1998.
