**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF ARIZONA**

Puente Arizona,

Plaintiff,

v.

Joseph M. Arpaio, Sheriff of Maricopa
County, Arizona, in his official capacity, et
al.,

Defendants.

No. CV14-1356 PHX DGC
ORDER

This matter having recently come before this Court,
IT IS ORDERED that a motion pursuant to Fed. R. Civ. P. 12(b) is discouraged if the defect can be cured by filing an amended pleading. Therefore, the parties must meet and confer prior to the filing of a motion to dismiss to determine whether it can be avoided. Consequently, motions to dismiss must contain a certification of conferral indicating that the parties have conferred to determine whether an amendment could cure a deficient pleading, and have been unable to agree that the pleading is curable by a permissible amendment. In addition, parties shall endeavor not to oppose motions to amend that are filed prior to the Scheduling Conference or within the time set forth in the Rule 16 Case Management Order. Motions to dismiss that do not contain the required certification are subject to be stricken on the Court's motion.
