**United States District Court
Central District of California
Western Division**

KELVIN HERNANDEZ ROMAN, *et al.*,

Petitioners-Plaintiffs,

v.

CHAD F. WOLF, *et al.*,

Defendants-Respondents.

ED CV 20-00768 TJH (PVCx)

Order

The Court has reviewed the bail applications filed on July 9, 10, and 13, and identified various deficiencies and issues that appeared in several of the applications:

1. The bail applications do not contain a copy each class member’s Form A. The Court expects all bail applications filed hereafter to include a copy of the Form A completed by the respective class member. For a few of the applications previously filed, Respondents’ opposition included an argument that the class member failed to submit a completed Form A. For the previously filed bail applications where Respondents did not raise such an objection, the Court will assume that the class member did submit a Form A, unless Respondents advise the Court otherwise by 4:00 p.m.

1 today. Further, the Court expects Plaintiffs' counsel to telephonically
2 confirm each class member's proposed living and transportation
3 arrangements.

4 2. Henceforth, if a bail application does not include a fully completed and
5 signed Form A, or if additional information needs to be conveyed to the
6 Court, the additional information shall be submitted by way of a
7 declaration that is based on personal knowledge or other foundational
8 facts, and signed under penalty of perjury. Any factual statements made
9 in a bail application that are unsupported by a Form A or an adequate
10 declaration will not be considered by the Court.

11 3. Other than for a class member's medical conditions listed by Respondents
12 on their spreadsheets, class members shall submit medical records to
13 substantiate their asserted medical conditions.

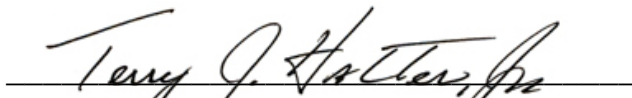

14
15 The Court will issue orders identifying specific deficiencies in previously filed
16 bail applications.

17
18 To assist the Court in dealing with the logistics of this case, Plaintiffs shall:

- 19 1. Sort their daily summary charts by docket number; and
20 2. Include in their charts and applications a brief description of all crimes in
21 the criminal history sections, in addition to the statutory cite.
22

23 IT IS SO ORDERED.
