

Summary of Current Recommendations

Recommendation	Process	Content	Recommendation	Underlying Issue	Status
			<u>Matters Regarding Knowledge Base</u>		
27	X	Educate MH and DCP staff about LINK		improve continuity of care	
			<u>Organizational Matters</u>		
28	X	Capture data regarding time of release for relevant class members across DOC		release during "daylight hours"	
29	X	Proceed with arrangements for pursuing SSI and Veterans benefits for class members		continuity of care, ability to meet daily needs	
30	X	Pursue the development of a mechanism for applying for Food Stamps for class members who are SPMI		ability to meet daily needs	
			<u>Data Management</u>		
31	X	Capture data regarding non-production of class members pursuant to DOC Operations Order 03/03		availability of class members for mental health and discharge planning services	
32	X	Implement Defendants' plan to develop mechanism for coordinated data reporting that includes all defendant agencies' data.		ability to monitor defendants' activities in a coherent, sensible manner	
33	X	Develop mechanism for providing Monitors data according to Appendix 4 of this report on a monthly basis		ability to monitor defendants' activities in a coherent, sensible manner	
34	X	Develop ability to separate class members with release date known in advance from those released with "time served"		tracking discharge planning activities due to those with known release date	
			<u>Specific Deficits Identified by Monitors</u>		
35	X	Evaluate the compliance rate for the prescreening process identified in Report 4		continuity of care, ability to obtain medical/psychiatric care after release	
36		report on prescreen results for CMs with projected release date >30 days way		continuity of care	
37	X	Evaluate the compliance rate for appointments and referrals identified in Report 4		continuity of care, ability to obtain medical/psychiatric care after release	
38	X	Evaluate the low rate of follow up phone contacts regarding mental health aftercare and housing		ensure continuity of care for SPMI class members	
39	X	Evaluate the differential acceptance rate for transportation between RMSC and EMTC		evaluate quality of DCP services between jails	
40	X	Develop a mechanism for the determination of SED (Seriously Emotionally Disturbed, the equivalent of SPMI for young people) status of inmates/detainees who are below 18 years of age		SED is the youthful equivalent of SPMI and it appears reasonable that such individuals should be treated identically.	

Summary of Current Recommendations

Recommendation	Process	Content	Recommendation	Underlying Issue	Status
			Public Relations		
41	X	Develop and post information about all DCP services in prominent places (including clinics and MO housing areas) in all jails and in visiting areas		engagement of class members, reduction of refusal rate
