02/08/2021	7050	<p>MINUTE ORDER issued by Relief Courtroom Deputy L. Kennison for Chief District Judge Kimberly J. Mueller: On February 3, 2021, defendants filed a stipulation concerning two requests for extension of time. ECF No. 7048 . The parties stipulate that defendants will request two extensions of time from the court, one to February 17, 2021 to file objections to the Special Master's January 28, 2021 report on inpatient mental health programs, ECF No. 7039 , and the other to March 1, 2021 to file objections to the Special Master's January 28, 2021 report on inmate suicides completed in 2015 and 2016, that plaintiffs will not oppose the request, and that the Special Master declined to approve the request and defers to the court's resolution of the requests. <i>Id.</i> at 2. The stipulation does not include any explanation why plaintiffs would not agree to either extension nor does it include a statement of reasons explaining why the extensions are necessary. Cf. L.R. 144(c) (E.D. Cal. 2019). The court notes that any objections to both reports covered by the extension request are limited to objections a party already has raised to the Special Master. Moreover, the Special Master's report on inmate suicides is comprised of a report on inmate suicides completed in 2015 written by defendants, which was prepared under the supervision of the Special Master's experts (Attachment A, ECF No 7038-1); the Special Master's nine page analysis of defendants 2015 report (Attachment B, ECF No. 7038-2), and a report on inmate suicides completed in 2016 prepared by the Special Masters expert (Attachment C, ECF No. 7038-3). <i>See</i> ECF No. 7038 at 2 n.2. The objections raised by both parties are summarized in the current report. <i>See id.</i> at 5-8. The filing now presented by the Special Master is based on information well known to defendants. Accordingly, defendants' requests are DENIED without prejudice to resubmission accompanied by the explanations required by Local Rule 144. In any renewed requests, defendants also shall provide a detailed explanation why the additional time to respond to each report is needed; so that the court can properly assess the reasonableness of any such requests, the detailed explanation should include the number of lawyers the defense believes reasonably need to be involved in preparation and/or review of the defense objections, and the amount of time each such lawyer reasonably requires to perform his or her discrete task with respect to objections. Going forward, all parties shall include the information described in the preceding sentence in any request for extension of time to file objections to any report filed by the Special Master. IT IS SO ORDERED. (Text Only Entry)(Kennison, L) (Entered: 02/08/2021)</p>
