05/02/2017		ORDER temporarily granting 88 Motion to Seal Document. Counsel has requested the Court, once again, to reconsider its application to seal document 83-1, which inadvertently included material subject to a confidentiality order. Notwithstanding the undersigned's earlier denial of this application, see Electronic Orders dated 4/18/17 and 4/21/17, counsel has, on this request to reconsider, raised some authority -- specifically a summary order by the Second Circuit in <i>Pullman v. Alpha Media</i> , 624 Fed.Appx. 774 -- that renders the matter worthy of further consideration. Thus, in an effort to protect the subject information, while the undersigned further reviews counsel's latest submission, the filing shall be TEMPORARILY SEALED pending further order of the Court. The Clerk is respectfully directed to seal DE 83-1, making it available only to the

05/23/2017		ORDER taking under advisement 91 Motion to Amend/Correct/Supplement. Before the undersigned is an application by plaintiffs for a protective order prohibiting defendants from making certain inquiries on the basis of relevance and burden. DE 91 at 1. This issue apparently crystallized during the deposition of one of the plaintiffs on January 12, 2017. Contrary to ordinary practice, see Local Rule 37.3(b), the parties opted not to pursue an oral ruling from the Court, but briefed the motion. The motion was fully briefed by May 8, 2017, and oral argument will be held on July 7, 2017 at 2pm. At the argument, counsel should be prepared to address the question of alternative methods

		of obtaining the information sought, including provision for the assertion of any privilege that might attach. Additionally, counsel has indicated that it suspended the deposition at which this issue arose, and suspended some or all of the remaining depositions pending a ruling on this motion. The parties are directed to continue with depositions that would be unaffected by the ruling. Ordered by Magistrate Judge Gary R. Brown on 5/23/2017. (Brown, Gary) (Entered: 05/23/2017)

06/13/2017		ELECTRONIC ORDER denying 99 Motion to Compel. Based on the defense raised by the County in regard to the statute of limitations, under no circumstances are plaintiffs entitled to data that dates prior to 2012, and thus a large portion of this application is disposed of. As to the remaining defenses, the County argues that production of the material would be burdensome as the large data set would require an extensive manual search. The undersigned finds this argument persuasive. Based on this burden issue, the motion to compel is denied. This ruling, however, does not preclude plaintiffs from applying for further relief based upon a sampling plan which could eliminate the burden argument. The parties are thus directed to meet and confer to discuss the logistics of such a plan. Plaintiffs shall serve a copy of this Order on pro se defendant Greene and file proof of service forthwith. (Attachments: # 1 Mailing Envelope) (Coleman, Laurie) (Entered: 06/21/2017)
06/28/2017		ORDER denying 105 Motion to Stay and Considering other relief. Defendant Scott Greene, pro se, has moved for various relief, including staying all proceedings pending the outcome of certain motions as well as appointment of pro bono counsel. As to the motion to stay, said motion is DENIED in all respects, as the importance of this matter requires continued diligence in its prosecution. With respect to Mr. Greene's renewed motion for appointment of counsel, Mr. Greene is reminded that there is no right to pro bono representation in this civil action. However, given the complexities of this case, the Court will, by this Order, request that the Pro Se Clerk attempt to obtain volunteer counsel from the Court's pro bono panel for Mr. Greene. The timing and ultimate outcome of that process cannot be guaranteed. As such, the Court turns to the other items sought by defendant Greene. First, as to being represented at the upcoming oral argument on June 30, counsel for the County of Suffolk is hereby DIRECTED to make its best efforts to arrange for Mr. Greene's telephonic participation in that proceeding. Given the short time frame, however, that may not be possible, in which event counsel for the County shall provide a brief summary of the June 30 proceeding via letter to Mr. Greene. Counsel will also ensure that arrangements be made to include Mr. Greene telephonically in future proceedings. Second, in his letter, Mr.

		Greene identifies a number of items that the Court ordered provided to him in the past but he reports he has not received. Counsel for plaintiffs shall provide Mr. Greene said items forthwith or file a status report with the undersigned explaining why such provision cannot be made. Counsel for the County shall provide a copy of this Order to defendant Greene and file a certificate of service promptly. Ordered by Magistrate Judge Gary R. Brown on 6/28/2017. 06/29/2017	107	AFFIDAVIT of Service for Electronic Order Granting Motion for Protective Order [<i>Docket Entry 90-2</i>] served on Scott Greene on June 21, 2017, filed by Plaintiffs #1-21. (Brennan, Katherine) (Entered: 06/29/2017)
06/29/2017		<p>ORDER WITHDRAWING APPOINTMENT OF PRO BONO COUNSEL - By electronic order dated June 28, 2017, the undersigned referred this matter to the Pro Se Clerk to ascertain whether pro bono counsel could be obtained for defendant Greene, who has repeatedly requested such representation. While the complexities of this matter appeared to warrant such appointment, upon further reflection and consideration, the Court's earlier determination appears inconsistent with existing caselaw. While most of the applicable cases are in the context of pro se plaintiffs, certain principles may be derived from those cases that would counsel against the appointment. For example, in <i>Cooper v. A. Sargenti Co., Inc.</i>, 877 F.2d 170, 172-174 (C.A.2 1989), the Second Circuit held as that:</p> <p>"For many reasons courts should not grant such applications indiscriminately. Volunteer lawyer time is a precious commodity. Courts are given a major role in its distribution. Because this resource is available in only limited quantity, every assignment of a volunteer lawyer to an undeserving client deprives society of a volunteer lawyer available for a deserving cause. We cannot afford that waste. Available volunteer-lawyer time should not be allocated arbitrarily, or on the basis of the aggressiveness and tenacity of the claimant. The phrase pro bono publico suggests meaningfully that distribution of this resource should be made with reference to public benefit. The ancient adage about the squeaky wheel may well be an accurate statement of a law of nature; it should not be adopted also as a law of prescription. A further disadvantage of indiscriminate assignment is its capacity to demoralize volunteers and diminish an already inadequate resource. Injustice is not in short supply. Lawyers who volunteer their services hope to be employed in an effort to</p>

		<p>remedy injustice. If they find repeatedly that their services instead are devoted to giving the semblance of merit to undeserving complaints, then instead of giving their time through the courts they will offer it to agencies that make better use of it, or will not offer it at all.[Thus] a threshold showing of some likelihood of merit [especially] should be borne in mind by trial and appellate courts in deciding whether to appoint counsel."</p> <p>At this juncture of the proceedings, it is impossible for the undersigned to opine on the merits of any defense by Mr. Greene. As such, the Court cannot make the appropriate determinations required under Cooper, and thus an appointment of pro bono counsel is misplaced at this time. Thus, the June 28 Order is hereby modified to strike that portion of the order directing the pro se Clerk to attempt to find pro bono counsel for Mr. Greene. All other portions of the Order remain unaffected. Counsel for Suffolk County shall serve a copy of this modification upon defendant Greene and file a certificate of service. 04/24/2019	170	<p>ORDER: As set forth in the attached Order, defendants shall produce the attachments to the Early Warning Alerts and the responsive e-mails for the seven custodians to plaintiffs' counsel by May 15, 2019. Although the Court commends defendants' counsel Kyle O. Wood for his preparation and presentation, Mr. Wood cannot live up to Suffolk County's obligation in this action without an influx of man/woman-power. Mr. Wood is working with only one other attorney and the head of Suffolk County's IT Department to produce the requested documents--a massive undertaking in a federal case of this magnitude. The Court urges the Suffolk County Law Department to assign additional experienced attorneys and to retain the services of an outside electronic discovery vendor to ensure the defendants will comply with their obligations and the parties will complete fact discovery by the October 16, 2019 deadline. Discovery has been extended five times in this case and shall not be extended again.</p> <p>Defendant Greene shall respond to plaintiffs' amended complaint by May 17, 2019.</p> <p>The parties shall file a letter reporting the status of discovery and any outstanding issues by May 23, 2019.
