ATTORNEY GENERAL

March 31, 1967

The Honorable MacDonald Gallion
Attorney General of Alabama
Montgomery, Alabama

Dear Mr. Gallion:

In regard to the recent decree by the Federal Court concerning our schools, I am of the opinion that there will be undue and untold hardships brought about by it. I believe the decree to be unworkable and detrimental to our schools.

I strongly urge that you as our Attorney General ask for a stay of action and appeal this decree to the Supreme Court.

Sincerely,

Wiley Salter, Director
