

EXTRA! EXTRA! EXTRA! EXTRA!

1. PENDERY CLARK'S husband, who still lives in California, is given "do-nothing" consulting contract to pay for his travel here to visit his wife. The value and quality of his "work" are dubious at best.
2. **MARKS MAKES MOCKERY** of our community's pleas for substantive, credible, and quality African-American male leadership and involvement in the education of our children by hiring an over-the-hill man who's only apparent qualification is the color of his skin. Harry Stephens appears to be even less qualified than the vacuous and recently demoted Stephanie Robinson (who was also a joke). **THERE ARE AFRICAN-AMERICAN EDUCATORS QUALIFIED TO BE SUPERINTENDENT AND DEPUTY SUPERINTENDENT.**
3. **MARKS EMASCULATES AND HUMILIATES** Harry Stephens by telling him to stay out of Instruction and to give Johnson County reject, Art Rainwater, total control of the education of OUR children. Stephens is not even allowed to talk at School Board and DMC meetings. He's told to defer to Pendery Clark (W/F) and Rainwater (W/M).
4. The Black Community has no significant role, voice, or authority over the education of our children. **ALL** African-Americans are under the direct Supervision of **WHITE MEN** who make all final decisions affecting the substance of what our children are taught, how they are taught, and who teaches. Black educators are cut out of the final decision making process.
5. Openly **prejudiced Brenda Thompson-Kistner** continues to interfere with the Educational Equity process and discriminates against Black employees. She has double standards and gives preferential treatment to whites on her staff. She's lazy, rarely goes to her office, and does nothing to earn her \$71,882.00 annual salary. It obviously pays well to be one of Art Rainwater's "Special" female employees.

WE MUST DO SOMETHING!

Remember the words of Malcolm, "*The most powerful tool in the hands of the oppressor is the minds of the oppressed.*"
